

SPONSOR A MOSAIC WALL

Your family, organization or business can sponsor a mosaic wall to be constructed in Jacmel, Haiti by the students of Art Creation Foundation for Children and 100% of the proceeds will help continue and expand ACFFC's Mosaic Art Program in support of Haiti's future creative masters

For a **sponsorship of \$2,000**, a mosaic wall measuring approximately 6 ft x 12 ft will be constructed by hand from start to finish by the young artists of Art Creation Foundation for Children who will design an original work of art in consultation with program founder and master mosaic artist, Laurel True. These beautiful walls, which both beautify and inspire their communities, will also help to enrich the students' education as they continue to grow, develop and contribute to Haiti's rich artistic legacy.

About the Mosaic Art Program

ACFFC youth began their first mosaic project just after the 2010 Earthquake, when Laurel True, True Mosaics Studio, joined with ACFFC to lead a group of our youth in creating a Tree of Life public art installation, broken pieces into a new whole, memorializing lives lost in the 2010 Earthquake and celebrating life. She is now Director of the ACFFC Mosaique Jacmel program. This was the beginning and it has brought ACFFC forward as contributory members of the community, changing the landscape of their own City. Wherever they created a mosaic wall, no one threw trash in the street and people gathered. Supported by commissions from citizens and business owners in Jacmel as well as from Jacmel's Office of Tourism, encouraged by the Office of Culture and the Mayor, grants from Arcades (E.U. in collaboration with the Haitian Ministry of Culture), the U.S. Embassy and many others, Mosaique Jacmel was born. This is helping to shape "Destination Jacmel", intrinsic to the City's new design and plans for beautification for citizens as well as a tourism experience. Game changer for ACFFC! As well, mosaic bowls, bottles and other art pieces are being created. Our youth are being trained in precision tile setting, mosaic glass techniques and an Advanced Studio Program is being developed as part of our teen-adult transition program.

To Sponsor A Mosaic Wall, contact leadership.acffc@gmail.com directly to receive more detailed information and a member of ACFFC's staff will follow up with you in completing your special request.

NOTE: The final design may include some collaboration between sponsors and mosaic artists, however, please bear in mind that designs must be primarily decorative and can not include any political or religious subject matter as Art Creation Foundation for Children (ACFFC) is a pacifist, apolitical, NGO (Non-Governmental Organization) with no religious organization affiliations.
